Poggiatesta struttura in polipropilene regolabile in altezza con imbottitura in poliuretano espanso schiumato con supporto in alluminio verniciato nero.
Schienale alto struttura interna in multistrato in faggio regolabile in altezza tramite sistema up&down.
Sedile in multistrato in faggio.
Sotto sedile in polipropilene.
Imbottitura in poliuretano espanso.
Braccioli fissi in alluminio o nylon o regolabili in nylon.
Meccanismo synchron.
Gas: sistema di regolazione altezza sedile tramite alzata a gas.
Base 5 razze in nylon o alluminio.
Ruote piroettanti a doppio battistrada.

Headrest: Height-adjustable structure made of polypropylene with padding made of foamed polyurethane with black-painted aluminum support.
High Backrest: Internal structure made of beech multilayer. Height-adjustable backrest by means of up/down system.
Seat: made of beech multilayer.
Underseat made of polypropylene.
Padding made of foamed polyurethane.
 Fixed aluminium or nylon **armrests** or adjustable nylon armrests.
Synchron mechanism.
Gas: height-adjustment system by gas lift.
 5-spoke **base** made of aluminum or nylon.
 Pirouetting **castors** with double tread.

POGGIATESTA / HEADREST

Poggiatesta struttura in polipropilene regolabile in altezza con imbottitura in poliuretano espanso schiumato con supporto in alluminio verniciato nero.
Headrest: Height-adjustable structure made of polypropylene with padding made of foamed polyurethane with black-painted aluminum support.

BRACCIOLI / ARMS

FE
Bracciolo fisso in nylon.
Fixed Nylon armrest.

FF
Bracciolo fisso in alluminio.
Fixed aluminum armrest.

RA
Bracciolo regolabile in altezza in nylon nero
Height-adjustable armrest made of black nylon

RB
Bracciolo regolabile in altezza, profondità e rotazione con supporto in acciaio e top in poliuretano.
Armrest adjustable in height, depth and rotation with steel support and polyurethane top.

MECCANISMI / MECHANISMS

S1
Meccanismo synchron con 4 posizioni di blocco.
Synchron mechanism with 4 blocking positions.

S2
Meccanismo synchron con 4 posizioni di blocco e traslatore.
Synchron mechanism with 4 blocking positions and seat slider.

S3
Meccanismo synchron con 5 posizioni di blocco, traslatore e variatore di assetto del sedile.
Synchron mechanism with 5 blocking positions, seat slider and seat angle adjustment.

STANDARD

BASI / BASES

12
Base arcuata in nylon Ø 680 cm
Arched base made of nylon Ø 680 cm

17
Base arcuata in alluminio lucidato.
Arched base made of polished aluminum.

RUOTE / CASTORS

W1
Ruota gommata con battistrada morbido Ø50.
Rubber castor with soft tread Ø50.

W2
Ruota gommata autofrenante con battistrada morbido Ø50.
Self-braking rubber castor with soft tread Ø50.
